SCHOOL OF TRAVELING RIGHT.

EUSKADI BASQUE COUNTRY IN FAMILY

@VisitEuskadi

WELCOMES YOU TO THE SCHOOL OF TRAVELING RIGHT.

In this small region, families find a place to learn through travel. In just one day, you can wander through green forests and surf the waves of the Cantabrian, savour a freshly-made Basque talo corn flatbread and vibe at a music festival, explore caves bursting with history, and stroll through sculptures that converse with the landscape. Here, the distances are short, but the experiences are endless.

In Euskadi, you learn that you don't just visit places—you live them. Exploring is much more than moving around: it's connection, respect, and sharing. It is a feeling of awe for a land that welcomes you with open arms. Our desire is for every family that visits this destination to go back home with something more than memories, with a new perspective and a different way of understanding the world. And for each experience to become a new chapter in the big book of traveling right.

QUALITY ACTIVITIES FOR THE WHOLE FAMILY

Euskadi has activities for every age: nature, workshops, museums, wineries, adventure parks... Age doesn't matter. The whole family can find activities tailored to them and experiences bursting with excitement. The kind that stick in your memory.

The Club Euskadi Basque Country in Family brings together companies committed to quality, ethics, and sustainability. Accommodations, restaurants, and activities that make each trip an authentic, enriching experience full of surprises.

Your life's adventure begins with a trip through Euskadi.

SCHOOL OF TRAVELING RIGHT: OUR VALUES

1. TO TRAVEL IS TO LEARN.
That is why we invite you to travel with your eyes and heart open, discovering that Euskadi has something to teach in each landscape.

2. TO TRAVEL IS TO RESPECT.
Care for the places you visit, connect with the people who live there, and appreciate their history, culture, and nature as if they were your own.

3. TO TRAVEL IS TO DISCOVER AUTHENTICITY.
This means looking beyond what meets the eye, delving into local tradition, learning words with "tz" and enjoying recipes that tell stories.

4. TO TRAVEL IS TO SHARE.
You don't have the best adventures on your own. Travelling as a family means making memories, teaching values, and sharing moments that bind generations.

5. TO TRAVEL IS TO LISTEN.
Each destination has its own voice. In Euskadi, you find it in the whispering zirimiri rain drizzle, the echo of the mountains, and the txotx stick in the cider houses.

6. TO TRAVEL IS TO EMBRACE CONTRAST.
Mountains and sea, tradition and modernity, adventure and calm. To travel is to learn that opposites don't repel; they complement.

7. TO TRAVEL IS TO LIVE WITH YOUR FIVE SENSES.
This means walking slowly, unhurriedly savouring, looking with curiosity, and feeling the essence of each place you visit.

8. TO TRAVEL IS TO GROW.
Each experience brings something new: a perspective, a connection, a lesson. Travelling makes us more aware people and more open to the world.

9. TO TRAVEL IS TO INSPIRE.
Because those who travel right teach others the pleasure of exploring responsibly, with curiosity, and respectfully.
